

Document Title: **FREEZE DRIED FRUIT FROM POLAND**

Produced from 100% pure IQF or fresh products all free from colourings and preservatives. Freeze drying removes moisture from food through sublimation, which turns water molecules into vapor. Freeze drying food, affects its texture more than other preservation methods, like canning or freezing, but the nutritional value and flavour stay intact. Moisture of the freeze-dried product is <4%. No irradiation and UV ionization with guaranteed GMO-free material. The Lyovit factory is ISO 22000 accredited in Poland and Kosher Certified. Organic quality (PTR Ekogwarancja, CERES), is available on request. Store in dry area (RH 75%, temp 20 deg.C) in unopened original packaging and has 12 months shelf life – 18 months. Packed in polyethylene bag and carton, marked with self-adhesive label, 12 cartons of herbs on a pallet, 16 cartons of fruits on a pallet.
